

VALE

FRP DOORS, ENTRANCES & HARDWARE

Vale company can mix architectural panels and art-work adding that special dimension to your custom doors.

Vale company's exclusive heavy splined rail internal door frame construction allows for large glass areas without sacrificing the doors overall strength & integrity.

Safe entry & egress is insured with dual lite for maximum viewing.

Panel inlays are available with custom panel design utilizing vision kit material, and 1" solid panels in mono or two color format.

Vale Company offers custom vision kits including cross, circle, and crescent shapes.
